Subject: RE: Letter from RM 4-7 Group Following Up on Meeting re NWN/Gasco Site

Good afternoon.

DEQ received the River Mile 4-7 Group (RM 4-7 Group) letter from you dated February 2, 2018. The letter follows up the meeting on November 2, 2017 with the EPA in Seattle, WA. Given the focus of the February 2nd letter, I was asked by Matt McClincy, DEQ's Source Control Lead Worker, to prepare DEQ's reply in my role as the DEQ project manager for the Gasco Site.

DEQ's reply is attached and clarifies information in the RM 4-7 Group's November 2nd meeting presentations and the February 2nd letter to avoid future misunderstandings regarding the status and/or direction of ongoing uplands RI/FS and source control work at the Gasco Site. In addition, our letter provides information and clarifications regarding document routing and DEQ's review of future RM 4-7 Group comment letters .

Thank you for considering DEQ's clarifications during preparation of future submittals, and for following our requests regarding future correspondence.

Please contact me with questions regarding the attachment.

Sincerely,
Dana Bayuk
